

MEAL Officer - Homs/Hama (Subject to donor approval)

Who are we?

The Danish Refugee Council assists refugees and internally displaced persons across the globe: we provide emergency aid, fight for their rights, and strengthen their opportunities for a brighter future. We work in conflict-affected areas, along the displacement routes, and in the countries where refugees settle. In cooperation with local communities, we strive for responsible and sustainable solutions. We work toward successful integration and – whenever possible – for the fulfillment of the wish to return home. The Danish Refugee Council was founded in Denmark in 1956 and has since grown to become an international humanitarian organization with more than 7,000 staff and 8,000 volunteers. Our vision is a dignified life for all displaced. All of our efforts are based on our value compass: humanity, respect, independence and neutrality, participation, and honesty and transparency.

DRC Syria

DRC has been operating in Syria since 2008, initially responding to the Iraqi refugee crisis before pivoting to a full-scale response to the Syria crisis from 2011 onwards. Our work encompasses the full cycle of displacement—responding to life-saving humanitarian needs and supporting community recovery until durable solutions can be achieved. DRC Syria takes an area-based approach to supporting internally displaced persons (IDPs), returnees, and host communities across our key sectors: Economic Recovery and Resilience, Protection, WASH, Shelter and Infrastructure, and Humanitarian Disarmament and Peacebuilding (including Humanitarian Mine Action). With an established rapid response mechanism, DRC can rapidly respond to emerging crises and shocks to meet acute emergency needs. Recognizing the significant need for early recovery and resilience programming to ensure dignified, sustainable, and cost-effective solutions for fragile communities, DRC's programmes foster resilience for individuals and communities in situations of protracted displacement and during the initial stages of post-conflict recovery, towards a durable solution of their choice. With active portfolios in the neighboring countries of Jordan, Lebanon, Türkiye and Iraq, DRC offers a cross-border, regional response to the Syria crisis, through cross-border protection monitoring, advocacy, and trends analysis.
